OBJECTIVE

Seeking the Software Engineer, Core Tech position at Riot Games to apply my skills in game systems development, problem solving, and performance optimization, while contributing to scalable and player focused technologies.

HIGHLIGHTS OF QUALIFICATIONS

- Developed gameplay systems using Unity and C#, including player movement, enemy behaviors, and interactive mechanics
 - Applied problem solving and debugging skills to optimize performance and improve game functionality
 - Demonstrated understanding of scalable systems, iterative development, and performance optimization through academic projects
 - Collaborated in team based environments to design and implement game features effectively
 - Adapted quickly to new tools and technologies, including Unity and Unreal Engine fundamentals
 - Strong communication and teamwork skills developed through both academic and work environments
-

TECHNICAL SKILLS

- Programming: C# (Unity), foundational knowledge of C++
 - Game Engines: Unity, basic familiarity with Unreal Engine
 - Game Systems: Gameplay mechanics, collision systems, enemy AI
 - Development Concepts: Debugging, optimization, iterative development
 - Tools: Visual Studio, Unity Editor
-

EDUCATION

Game Programming 2024 – Present
George Brown College, Toronto, ON

- Developed a 2D Unity based game implementing player controls, enemy behaviors, and gameplay systems

- Designed and implemented game mechanics focusing on performance and responsiveness
- Applied debugging and testing techniques to improve system stability and user experience
- Collaborated on projects simulating real-world game development workflows

High School Diploma (Honours) 2020 – 2024
Marshall McLuhan Catholic Secondary School

PROFESSIONAL EXPERIENCE

PCX Associate 2026 – Present
Fortinos, Ontario

- Provided customer service while assisting 70–160 customers per shift in a fast-paced retail environment
 - Operated POS systems with accuracy, ensuring efficient transaction processing
 - Maintained organized workspaces to support operational efficiency
 - Collaborated with team members to ensure smooth daily workflow
 - Managed multiple responsibilities while maintaining attention to detail and professionalism
 - Resolved customer inquiries efficiently, contributing to positive customer experiences
-

ADDITIONAL EXPERIENCE

Technical Crew Member
Marshall McLuhan Catholic Secondary School

- Assisted in organizing and executing school events with technical setup support
 - Collaborated with team members to ensure smooth operations
 - Supported equipment setup and coordination for events
-

ADDITIONAL SKILLS

- Analytical thinking and problem-solving
 - Team collaboration and communication
 - Adaptability and fast learning
 - Strong interest in game systems and player experience
-
